Name as it appears on the card: \_\_\_\_\_ (3 digits on back of card)

Family Learning Organization (FLO) provides standardized testing to individual homeschooling families. As a service to families who wish to test in groups, FLO is providing this group order form. This allows multiple families to order on the same order and have the tests sent to a single address. **All tests must be returned together within two weeks after receiving them.** Test score reports will then be sent to each family's respective home address. Scoring may take from one to four weeks. Each family ordering tests is required to enter into the **Testing Agreement** (see page 2) by affixing their signature to the order form.

### Testing Agreement for person responsible for group order:

I understand these are non-consumable materials and by ordering, I agree to return ALL materials within TWO WEEKS of receiving them. For unused tests that are returned for any reason, FLO Testing Service will refund the cost of the test minus a \$10 restocking fee.
